

P**C****O****TRAINING****S****S****PROVIDERS' CLINICAL SUPPORT SYSTEM****For Opioid Therapies**

PCSS-O is a national training and mentoring project developed in response to the prescription opioid overdose epidemic. The consortium of major stakeholders and constituency groups with interests in safe and effective use of opioid medications offers extensive experience in the treatment of substance use disorders and specifically, opioid dependence treatment, as well as the interface of pain and opioid misuse. PCSS-O makes available at no cost educational programs on the safe and effective use of opioids for treatment of chronic pain and opioid use disorder.

Partner organizations: American Academy of Addiction Psychiatry (lead organization); Addiction Technology Transfer Center; American Academy of Neurology; American Academy of Pain Medicine; American Academy of Pediatrics; American College of Physicians; American Dental Association; American Medical Association; American Osteopathic Academy of Addiction Medicine; American Psychiatric Association; American Society for Pain Management Nursing; International Nurses Society on Addictions; and Southeastern Consortium for Substance Abuse Training.

Education:

No-cost CME courses offered via a variety of venues to keep providers up to date on the latest evidence-based information on opioids, opioid use disorder, and pain management.

Colleague Support:

Ready access to the top experts in the field of Addiction Psychiatry, addictions, and Pain Medicine.

Information:

Comprehensive library of clinical resources all in one place--www.pcss-o.org
