

New Mobile App

Provides Trusted Immunization Information!

The Ohio AAP has developed a new mobile app to educate parents and assist primary care providers with effective and credible immunization resources.

The Fast VAX Facts App includes:

FOR PROVIDERS

- Information on immunization safety concerns to share with parents on a mobile device in your office
- The ability to share facts and resources directly from the app screen
- Conversation tactics to combat refusal

FOR PARENTS

- A series of short videos recorded by a pediatrician on targeted topics
- Interactive immunization schedule customized to their child's age
- Trusted answers to frequently asked questions
- Breaking news alerts on outbreaks, new research and other headlines
- Pediatrician-approved links and resources
- Ability to share reliable facts and resources with friends and family at the push of a button

The Fast VAX Facts App

is available to download for **FREE** in the App Store or on Google Play.

OhioAAP.org/FVF: Fast VAX Facts is updated as new information on immunizations becomes available. The Ohio AAP reviews content for accuracy monthly.

This work is funded either in whole or in part by a grant awarded by the Ohio Department of Health, Bureau of Infectious Diseases, Immunization Program and as a sub-award of a grant issued by the Centers for Disease Control and Prevention under the To Prevent Vaccine-Preventable Disease Through Maintaining Immunization Structure grant, grant award number NH23IP000765, and CFDA number 93.539.
